

MILWAUKEE RADIO AMATEURS CLUB  
W9RH  
REPEATER ORGANIZATION

DECEMBER  
1993

#1 Tech staff should not be under the control of 1 person because this is a club system.

#2 The person who may be best for chairman might not have the tech. ability to ~~understand~~ ~~face~~ everything about repeater operation.

#3 He is a committee chairman not a repeater president. The club already has a president.
